Pinnacle Premium / No Dollar Limit	\$.37 / Sq Ft (Minimum \$4,500)	Requires Cert Installer & 3 Inspections

Pinnacle Basic and Standard Warranties

Basic and Standard Warranties, along with most all other warranties in the industry, are valid only if the roof system has been properly installed. Therefore, if Pinnacle is notified of a leak during the term of the warranty, the first thing to be determined is whether the roof system was properly installed. Pinnacle highly recommends that a MBCI certified roof installer be hired to install its standing seam roof systems.

Pinnacle Prime, Deluxe, and Premium Warranties

Pinnacle offers three higher levels of roof weathertightness warranties (Prime - \$3.50/sq ft, Deluxe - \$7.00/sq ft, and Premium - No Dollar Limit) depending on the level of protection the building owner requires. All of these types of weathertightness warranties require an MBCI certified installer with photo I.D. must be present at the jobsite at all times during the installation of the standing seam roof system. Additionally, 3 inspections at key phases of the roof installation will be required.
